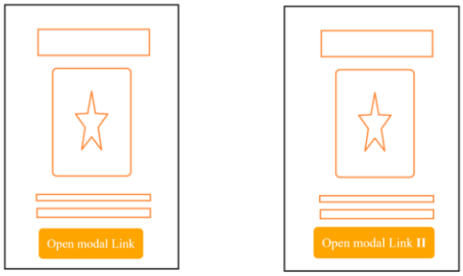
SE Boot Camp Assignment 4

Apply CSS modal window and Bootstrap to create one page as below

Part 1

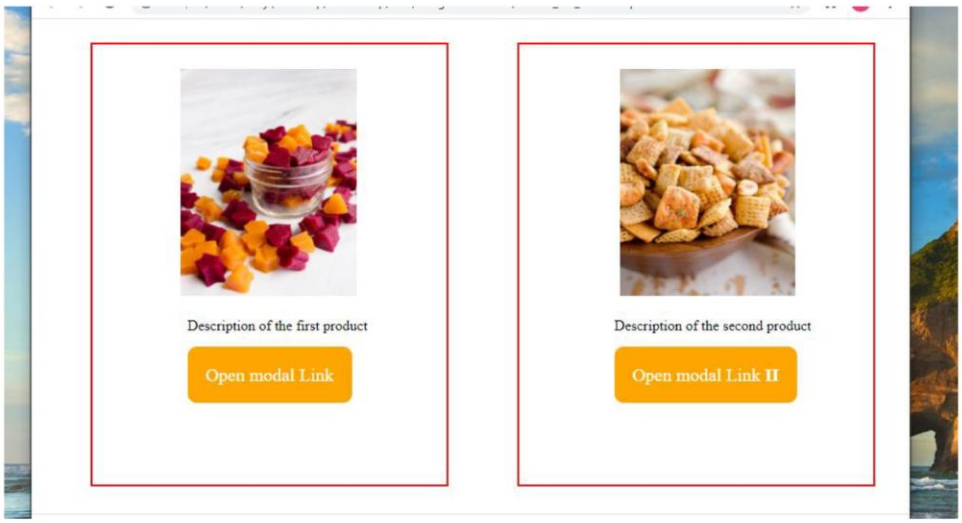
- Based on the practice in the class, add one more product block to the main window.
- Each box can have more elements added (for instance, an image and some description).
  eg:



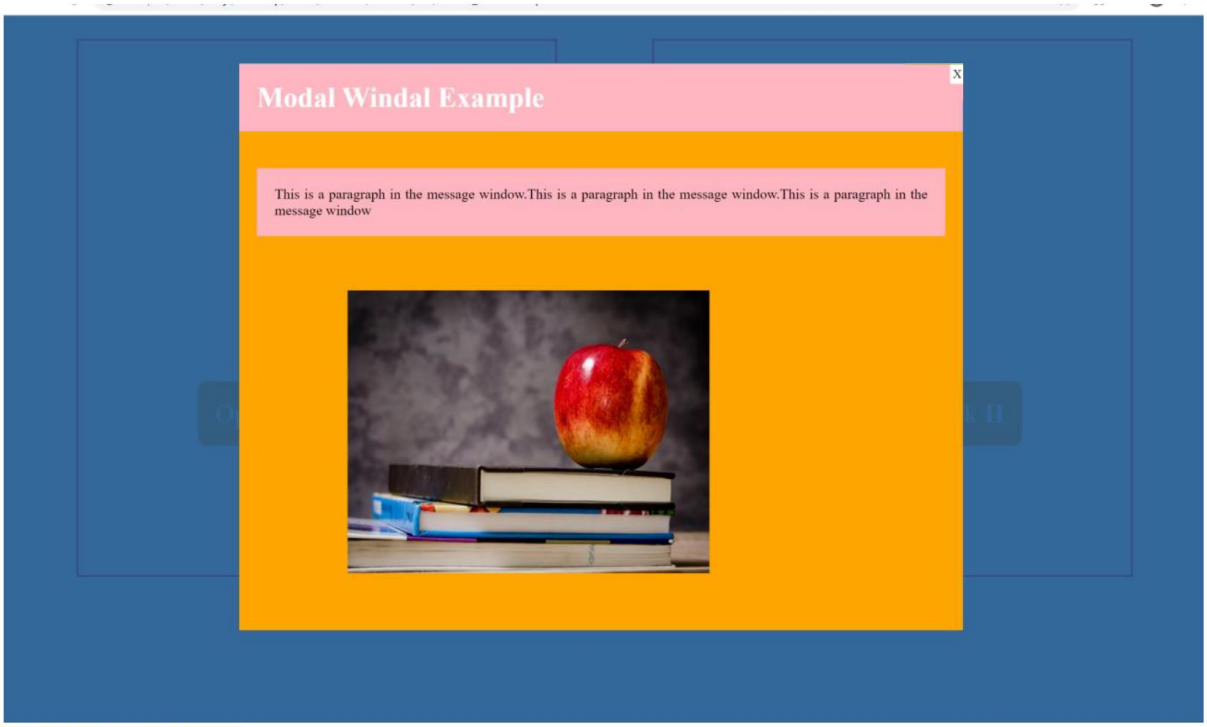
- Click on Open modal Link , Modal Window One (with transparent blue background) **gradually** shows as below. Click on x to close the modal window.

- Click on Open modal Link II , Modal Window Two (with transparent green background) **gradually** shows as below. Click on x to close the modal window.
- Use external CSS only. You can use your own image and your preferred color.

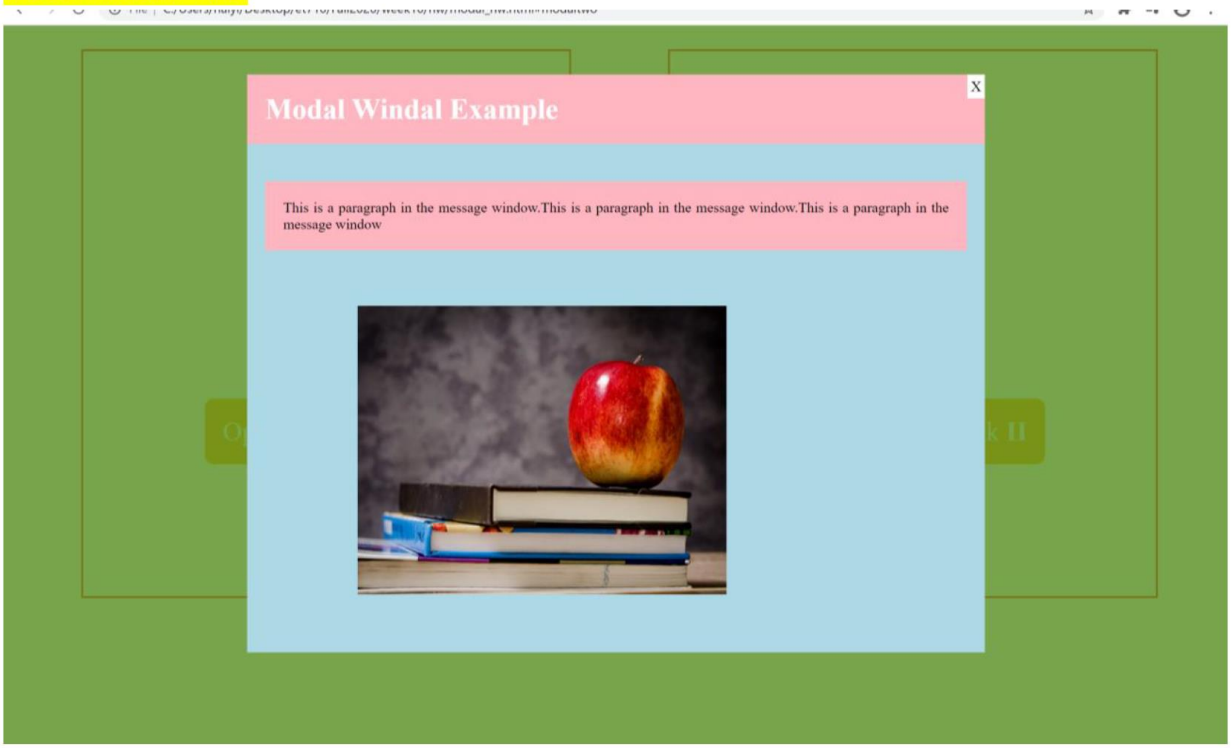
Main window:

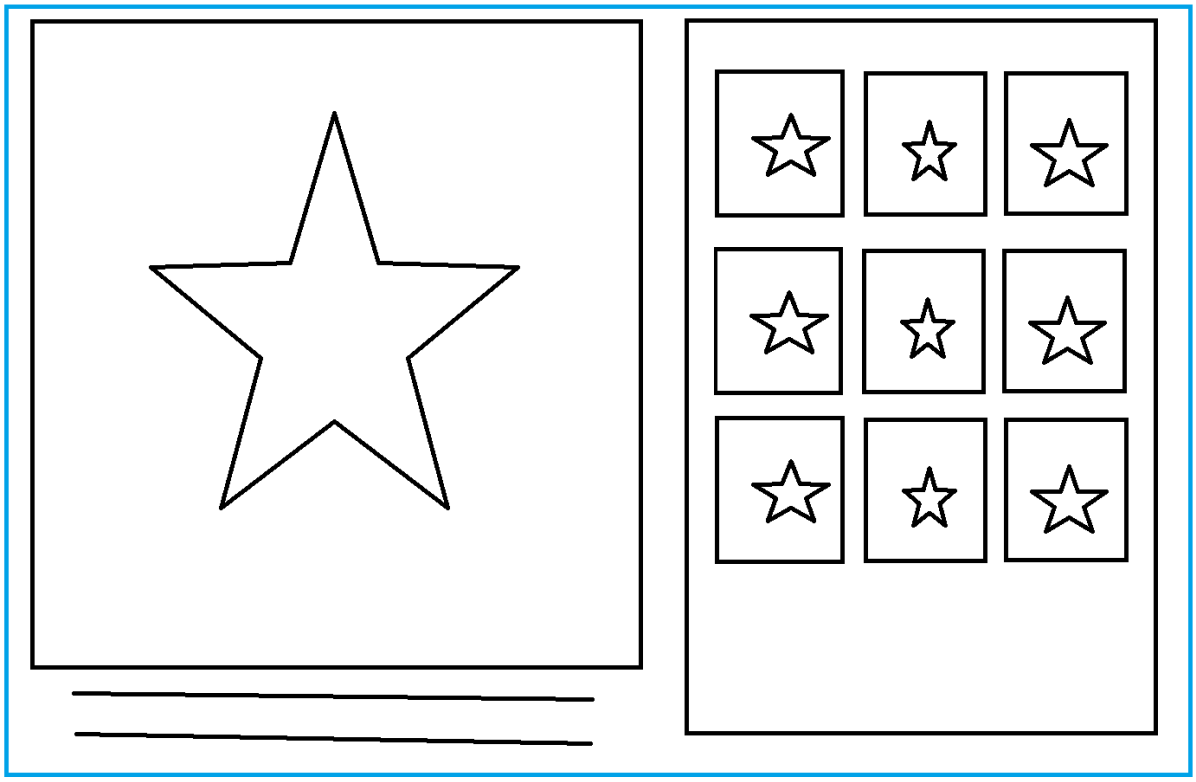


Modal Window One:



Modal Window Two:



Part 2


Create a same layout as below using Bootstrap Only
